INDEX BY SUBJECT

Administration

Financing rural New England university health services: A pilot study. MD Hiller, PH Patterson, RJ Kaufman, p 111
Sharing health services: Two universities, a seminary, and a community. TG Oliver, PR Oliver, JL Anthony, p 138

AIDS

Emerging moral questions. EWD Young, p 240
Emerging risk factors for acquired immune deficiency syndrome and risk reduction education. S Cowell, p 216

Alcohol

Alcohol and the college student: A challenge to the college health service (editorial). PD Claydon, DC Sloane, p 226
A model alcohol program for the college health service. J Kinney, D Peltier, p 229
Remembering reality: Alcohol and drugs. G Margolis, p 192
Statement on college alcohol and drug abuse. American College Health Association, p 228
STOP: An early intervention program for problem drinkers. C. Riccelli, p 134

Brucella Abortus

Illness in a veterinary student following accidental inoculation of *Brucella Abortus* strain 19. P Nicoletti, J Ring, B Boysen, J Buczek, p 236

Carbon Monoxide

The importance of monitoring carbon monoxide levels in indoor ice skating rinks. AJ Sorenson, p 185

Cardiovascular Risk Factors

Cardiovascular risk factors and health knowledge among freshman college students with a family history of cardiovascular disease. RN Tamragouri, RW Martin, RL Cleavenger, WK Sieber Jr, p 267

Classification of Diseases

Classification of diseases in student health with ICD-9. BJ Kaplan, p 5

Chlamydia

Chlamydia trachomatis genital infections in college women, p 207

Computers

Computer training programs for health centered personnel: A program that works. JJ Borski, p 161
Health-net: An interactive computer network for campus health promotion. TN Robinson, PA Walters Jr, p 284

Dental

Status of the third molars in the 20- to 21-year-old Finnish university population. H Murtomaa, L Turtola, P Ylipaavalniemi, I Rytomaa, p 127

COLLEGE HEALTH

Disruptive Students

Dealing with the disruptive college student: Some theoretical and practical considerations. G Amada, p 221
Dealing with the disruptive student (editorial). R Babineau, p 220

Eating Disorders

The identification of anorexia nervosa and bulimia on student health forms. RE Kreipe, M Carafos, p 11

Ethics

AIDS: Emerging moral questions. EWD Young, p 240
Ethical considerations in patient care. H Lubin, p 141
Ethical issues in college health: Athletic medicine. JM Miller, p 195

Health Education

Changing opportunities: An overview of the history of college health education. DC Sloane, B Conant Sloane, p 271

Health Services

Perspectives on college health. D Shropshire, p 43
Perspectives on college health. E Van Ginkle, p 43
Perspectives on college health. T Goodale, p 43
Student health centers, elephants, and blind men. K Patrick, p 41

Hepatitis

Hepatitis B virus screening in a high-risk college population. D Campos-Outcalt, p 120

Herpes

The role of counseling in the treatment of genital herpes. PA Connor-Greene, p 286

Immunization

Immunization update, 1985 (editorial). JM Dorman, p 90
Implementing an immunization program. M Collins, p 100
Measles and rubella on campus: How far have we come? KJ Bart, DH Stenhouse, p 91

International Students and Foreign Travel

A longitudinal health care study: International versus domestic students. AJ Ebbin, ES Blankenship, p 177
International students and foreign travel. SM Blom, p 175
Toward Understanding the adjustment problems of foreign families in the college community: The case of Japanese wives at the Harvard University Health Services. SH Vogel, p 274

Ipecac Death

A case of abuse of syrup of ipecac resulting in death. J Dawson, J Yager, p 280

Learning Disabled

When the learning disabled go to college. HC Faigel, p 18

Measles

Measles and Rubella on campus: How far have we come? KJ Bart, DH Stenhouse, p 91
Measles outbreak at Miami University, Oxford, Ohio. KM Sullivan, TJ Halpin, p 130

Mental Health

"I'm Really Different": Difficulties in balancing a business career with a liberal arts self-concept. RL Love, p 210
Mental health confidentiality on the small campus. PA Grayson, p 187
The mental health walk-in clinic: The University of Massachusetts experience. JB Hersch, C Lathan, p 15
A new system for conceptualizing college students' problems: Types of crises and the inventory of common problems. JA Hoffman, B Weiss, p 259

Musicians

An overview of the medical problems of musicians. AG Brandfonbrener, p 165

Nursing

College health nursing: State of the art. M-K Heffern, p 148
The nurse practitioner: History, current conflicts, and future survival. E Hayes, p 144
Symbiosis between educational and clinical goals. L LaPlante, F O'Bannon, J LeValley, p 183

Proceedings and Abstracts

Abstracts. p 65
Association fellows' luncheon address: Maintaining purpose in a changing environment. JW Dilley, p 60
Awards. p 57
Presidential address: Health care in the 1990s—An opportunity for the low-cost producer. GG Bergy, p 53
Resolutions. p 55

Self-Care

Vending machines and the self-care concept. JL Steinfirst, SA Cowell, BA Presley, CB Reifler, p 37

Sexuality

Sexuality and the disabled: Apathy on the campus. ME Taylor, CA Wolford, p 34
The utilization of sexual fantasies by sexually experienced university students. JK Davidson Sr, p 24

Sickle Cell Program

The establishment of a sickle cell program in the college and community health setting. TG Oliver, L Glenn, JL Anthony, CY Edwards, p 290

Stress Management

Stress management: Evaluating a preventive approach for college students. J Archer Jr, p 157

Tuberculin Screening

Participation by health professional students in tuberculin screening. PW Cameron, p 288

TSE

Three strategies for encouraging testicular self-examination among college-aged males. PJ Marty, RJ McDermott, p 253

Vaginitis

Microscopic evaluation of vaginitis from a menstrual tampon. JL Anderson, PA Sundland, p 123
